9 April 2009

**Dear Sir,**

**MS TIENNY SETYAWATI**

At the request of **TIENNY SETYAWATI**, I will be happy to act as her referee. I was for the time she was with us (2005-7), her employer, before she left on her own accord for her studies in the arts in Lasselle Singapore. During her time with our company, I and the other staff got to know her well.

Character wise, Tienny is a quiet, courteous, sensitive, friendly, conscientious young woman. Although she is a person whom shyness is somewhat self-effacing, she was within 3 months of working able to display a kindness and sincerity that everyone in the office found likeable.

Additionally, even though Tienny was employed by us as an Administrative Executive, she was, at the point of starting her tenure more than capable of simply attending to general administrative matters. I found that she was very proficient in what she had learnt in her studies before, with deep knowledge of computer programming and database skills which she applied to the organisation of her work on vessel monitoring, crew and other chartering matters. Given her intellectual and practical capacities, I expected her to continue for postgraduate study and I am delighted that she has indeed decided to do so.

Her overall performance in Hafar Marine was excellent, and she has shown herself to be honest and handles her work with responsibility and efficiency. She had been given charge of the main administrative responsibilities of our office and in due course became well experienced in the workings of the structure of our company.

I would appreciate it if your goodself could facilitate for her a smooth processing in her application to read your course.

Yours sincerely

**HAFAR MARINE PTE LTD**

  

**CHAN BOON HOCK**

Director
